BRIAN STANG JOINS ELLENBY TECHNOLOGIES AS THE NEW VICE PRESIDENT AND DIRECTOR OF GLOBAL PRODUCTS

WOODBURY HEIGHTS, May 1, 2017 – Cash management product manufacturer, Ellenby Technologies, has hired Brian Stang to grow their international business. Bob Dobbins, Founder and CEO of Ellenby Technologies said “We see tremendous opportunity to leverage our successful lineup of smart safe products from the United States to meet the needs of global markets. Brian’s experience as a pioneer in business development for the US market makes him ideally suited to lead our international business initiatives.”

Brian, who previously served as Senior Vice President of Dunbar Armored, has worked developing innovative product solutions within the US smart safe market for over 10 years. “I am excited to share internationally the strength of Ellenby’s smart safe products and world class cash management solutions. Today marks a great opportunity to expand CashTrak™ Smart Safes to new customers globally by implementing the world class technology and customer service Ellenby has long established in North America,” said Brian D. Stang
