

CASHTRAK™ D420 SERIES

Rolled coin dispense safes hold between 400 and 500 rolls of coins and bills depending on configuration. These safes are configurable to customer particular change making needs, are easy to load, and come with optional advanced automatic change verification electronics. Available with one or two validators for cash deposits and pay-for-change.

- Slide-out drawers for rolled coin loading
- Assignable one-touch cashier buttons
- Automatic tracking of deposits by user, shift, and day
- Convenient standard report generation
- Seamless data connection with online tracking portals through VComm API
